

CF HYBRID USER MANUAL

CF HYBRID KIT

The Boundless CF Hybrid is a first in the market. It's a multi-use vaporizer allowing you to conveniently switch between herbs, wax and e-liquid. The CF Hybrid is a 100% convection, multi-use vaporizer and 60 Watt box mod in one. Featuring fully isolated air path technology for pure vaping, rotary 360° Mouthpiece, OLED Display and an advanced ceramic heating chamber with dual power buttons and full modular temperature range for herbs, wax and e-liquid.

What's in the Box :

- 1 CF Hybrid Vaporizer
- 1 Flip Top Tank
- 1 Food Grade Mouthpiece
- 1 Liquid/Wax Chamber (Organic Cotton)
- 3 Stainless Steel Screens
- 1 Packing Tool and Dabber
- 1 Cleaning Brush
- 1 USB Charger
- 1 User Manual

Key Features

- Non Combustion Vaporizer.
- Pioneering the industry as the first to combine a vaporizer and box mod in a single unit.
- Exceptional quality made only with medical grade materials.
- Fully Isolated Air Path allows for clean and pure vaping.
- Compatible with Sub-Ohm clearomizers.
- Convenient storage compartment for stainless steel pods.
- Replaceable High-Drain Li-polymer battery.

Thank you for making Boundless Technology your premier brand of exceptionally designed non combustion, multi-use vaporizers. Please read this manual carefully before using your CFH.

What's in a CF Hybrid?

Product Configuration

A. Dual Power Buttons - independently control each function.

Press 3 times to shift between modes.

A. Dry Herbs

B. E-Liquid

B. Temperature Control Buttons - Full range temperature control buttons in temp mode, wattage control in power mode.

C. OLED Display - Clearly view desired settings.

D. Mouthpiece - Rotates 360°.

E. Medium Stainless Steel Pod - pack your choice blend for present or on the go vaping

F. Liquid/Waxy Chamber - fill your choice oil/wax blend (not at the same time).

G. Clearomizer Tank connector - (Tank not included).

H. Charging Port - micro USB cable.

How to Use

LOAD

- Rotate top cover with mouthpiece to open lid.
- **How to Vape**
Load choice blend loosely into the ceramic heating chamber. Tamp down with the dabber tool. Do not over-fill. (note: do not turn on device while loading blend).
- **To vape with Wax Chamber Pods:**
Unscrew pod lid and loosely fill your choice blend into the pod. Tamp down with the dabber tool. Do not over-fill. Close pod lid. Insert pod into ceramic heating chamber (note: do not turn on device while loading pods).
- Close CF Hybrid lid.

How To Use continusd

ACTIVATE

- Rapidly press Power button A five times within 2 seconds to power on.
- Adjust to desired temperature using “+” or “-” buttons. (Press and hold “+” and “-” buttons simultaneously to change from Fahrenheit to Celsius degrees or from Celsius to Fahrenheit degrees).
- Press and hold Power Button A to activate ceramic heating chamber.
- Let CF Hybrid sit as it heats to desired temperature setting. The  symbol indicates that the device is ready to use.

SAVOR

- Rotate mouthpiece and enjoy your blend!

LOAD

Oil

- Fill oil/waxy chamber with at least 5 drops of (0.2 - 0.3ml) oil. Let oil settle for a few seconds.
- Insert oil/wax chamber into ceramic heating chamber (note: do not turn on device while loading oil/waxy chamber).

Wax

- Place concentrated oil around the recess of the lid. Screw lid on to oil/wax chamber.
- Insert oil/wax chamber, with lid facing down towards ceramic heating chamber (note: do not turn on device while loading oil/waxy chamber).

How to Use CF Hybrid with e-liquid

LOAD

- Fill the clearomizer tank (not included) with desired e-liquid according to its manufacturer settings.

ACTIVATE & SAVOR!

- Rapidly press power button B five times within 2 seconds to power on.
- Use the "+" or "-" buttons to adjust the voltage/wattage to preferred setting.
- Press and hold the "+" button to automatically increase the voltage/wattage; press the "-" to stop.
- Press and hold the "-" button to automatically decrease the voltage/wattage; press the "+" to stop.
- Wait 30 seconds after filling eliquid before using the CF Hybrid Vape.
- To vape, press and hold the power button B and inhale. The heating duration is 10 seconds.

Technical Specifications

CF Hybrid Vape

- Dimensions: 4.33"H x 2.41"D x 1.14"W
(110mmH x 61.2mmD x 29mmW)
- Display: OLED Digital Display
- Capacity: 2500mAh High-Drain Li-polymer Batt
- Rated Voltage: 3.7V
- Power On/Off: Press power button 5 times consecutively

DRY HERBS VAPORIZER MODE

- Temperature Range: 104°F to 500°F (40°C-260°C)
- Heat Speed: 10 seconds to selected temperature
- Safety Power Duration: 5 minutes
- Voltage: 4.2V

E-LIQUID VAPORIZER MODE

- Voltage: 3.0V - 8.0V
- Wattage: 2.0W - 60W
- Compatible Resistance: 0.5Ω
- Safety Power Duration: 10 seconds

Cleaning and Maintenance

The mouthpiece of the CF Hybrid may become clogged when used for an extended amount of time; resulting in difficult draw resistance or less vapor being released. Use the following guidelines to clean and maintain your device:

- Ceramic Heating Chamber:
- Ceramic Filter: Use a fine paperclip or pin and gently insert between the holes. Push through thoroughly to clear the airway
- Mouthpiece: carefully rotate and remove the mouthpiece base from device, dis-assemble the mouthpiece base as indicated in next pages, wash gently with warm water, rinse and air dry. For stubborn stains, rub gently with a damp cotton swab.

Tips

For best results, do not over-pack the ceramic heating chamber with your product. Over-packing will cause constricted air flow and uneven vaping.

After filling, use the packing tool to gently stir and aerate the product to ensure vapor is released.

Always properly prepare the device before use to reduce blockage of the mouthpiece.

How to Remove and Load Mouthpiece Components

The way of Load the Mouthpiece Components:

1. Make the Mouthpiece Components and the Device in 90° Angle.
2. Press the Mouthpiece Components into the device downward as showed.
3. Then rotate the Mouthpiece Component clockwise.

The way of Remove the Mouthpiece Components is just in reverse above steps.

How to Dis-Assemble the Mouthpiece Components

1. Use the Opener to pry the gap part as showed, to dis-assemble the Mouthpiece Components into two parts.

(Mouthpiece Components)

2. Use the Opener again to pry the gap part as showed, to dis-assemble the Silicone Ring.

3. Unscrew the Filter components from the Mouthpiece Base Bottom, to dis-assemble the Filter into Filter Top and Filter Base.

(Mouthpiece Base Top)

(Mouthpiece)

(Silicone Ring)

(Mouthpiece Base Bottom)

4. Unscrew the Mouthpiece from the Mouthpiece Base Top.

Safety Icons

The device is equipped with an intelligent safety protection system. However, to maintain the integrity and efficiency of the device, avoid activities that would harm the clearomizer and battery to prevent short-circuit, over-charging or over-discharging.

 500°F	Maximum Heating Temperature Setting for Dry Herbs Mode	 Atomizer Short	Short Circuit
 0.0Ω 3.3 V 60.0w	Maximum Wattage Setting for e-liquid mode	 Protection	Device is being protected from excessive or dangerous temperature
500°F 	Desired and/or Maximum Temperature setting achieved	 Power Low	Low Battery. Device needs to be charged
 No Atomizer	Power On and no tank attached	 Lock	Device is over discharged
 Atomizer Low	Low Resistance	 Over 10S	Over puff duration.

Battery and Charging

CHARGING

- Initially charge the CF Hybrid for 2 to 2.5 hours. The battery will stop charging when the icon is full. 
- When the battery level is low, charge battery with included Micro USB cable to either your computer USB port or compatible wall charger. Low battery level will be indicated with  icon.
- Do not use CFH while charging. This will cause damage to the device.
- To prevent the device from overheating, do not leave the charger plugged in overnight.
- Do not leave charger plugged in or unattended without the device. Do not charge unit on bare carpet or rug.

BATTERY

The device contains a Lithium-Ion battery. Take caution and dispose in the correct receptacle. Do not discard in trash. Do not over charge. Do not short circuit the battery.

Safety

WARNING

Failure to follow these safety instructions could result in personal injury or damage. Users of this device do so at their own risk. Neither Boundless Technology, LLC nor its retailers assume any responsibility or liability associated with the use/misuse of the device. Boundless Technology branded products are intended for adult use and consumption only. Keep this booklet in a safe place for future reference.

DISCLAIMER

This device is designed as a mobile solution for the practitioners of aromatherapy and should be used for dry herbal blends and e-liquids as indicated. This device is not intended for use with illegal substances.

CHOKING HAZARD

The BNDLS contains small parts which may be a choking hazard to small children. Keep device away from children.

Safety continued

HANDLING

- Do not drop, deform, bend, crush, puncture, incinerate, microwave, shred, paint or insert foreign objects into a Boundless Technology, LLC CF Hybrid.
- Do not clean CF Hybrid other than instructed by Boundless Technology, LLC.
- Do not attempt to repair or modify CF Hybrid yourself.
- Do not use a damaged CF Hybrid charger or non Boundless Technology charger. Incompatible chargers may carry different voltage, which may be a fire hazard. Use only the charger provided. Failure to do so will void the limited warranty offered on Boundless Technology products.
- Use caution when handling CF Hybrid, the heating chamber area is hot when the device is powered on. Refrain from direct contact with the main heating chamber when hot. Do not leave the device unattended when it is powered on or while the device is still hot.

Safety Features

SLEEP PROTECTION

The device is equipped with a safety sleep mode. When the device is powered on and there is no operation for over 5 minutes, it will go into sleep mode. Press any key to wake the device.

MEMORY FUNCTION

The device features a smart memory function. It will memorize the data of current use before powering off. When powered on for next use, in either dry herb (temperature) or e-liquid (wattage) mode, the last setting will be displayed.

INDEPENDENT POWER MODES

The CFH vaping modes work independently from each other. When powered on, the device can be toggled to use in either dry herb or e-liquid mode. Press the power button 3 times of your mode of choice within 1.5 seconds. NOTE: DO NOT USE BOTH MODES SIMULTANEOUSLY.

Warranty

1 YEAR LIMITED WARRANTY

Boundless Technology, LLC warrants this Boundless Technology, LLC branded device against defects in materials and workmanship under normal use for a period of one (1) year from the date of retail purchase by the original end-user. The original bill of sale is required to redeem warranty. The limited warranty covers one (1) year for electronics, ceramic heating chamber, structural integrity and attachments. The Lithium-Ion battery ninety (90) days. If a physical defect arises and a claim is made within the Warranty Period, at its option and to the extent permitted by law, Boundless Technology will either:

- repair the product defect
- exchange the product with a product warranty that is new or functionally equivalent device or
- refund the purchase price of the device.

Warranty continued

EXCLUSIONS & LIMITA

The Limited Warranty applies only to products manufactured by Boundless Technology, LLC, which can be identified by the "Boundless Technology, LLC" trademark, tradename or logo affixed to the device. The Limited Warranty does not apply to any non-Boundless Technology, LLC products. This warranty does not apply to (i) damage caused by accident, abuse, misuse, flood, fire, earthquake, acts of piracy or other external causes; (ii) damage caused by operating the product outside the permitted or intended use as described by Boundless Technology, LLC; (iii) a device or part that has been modified to alter the functionality or cabability without the written permission of Boundless Technology; (iv) cosmetic damage, including but not limited to dents, scratches and/or broken plastic.

This warranty applies to the original end-user and is non-transferrable. Boundless Technology, LLC warranties only apply to devices that are purchased from authorized retailers serviced by an authorized Boundless Technology, LLC distributor.
